## The Wise Advantage

- Experienced, Professional Staff
- Project Staging
- Local Delivery Fleet
- International Logistics and Distribution
- Name Brand Franchised Distributor

### Electronic Components

Connectors, Fuses, Relays, Switches, Terminal blocks, Wire, Cable assemblies, Power cords, Ferrites, Card guides

### Tools and Test equipment

Multimeters, Labeling equipment, Power tools, Hand tools, Fiber Optic test equipment, Category 6 cable testers

### Motion Devices

Belts, Chain, Bearings, Pulley, Sprockets, Ball screws, Chain guides

### Mechanical Components

Motors, Controllers, Fastening devices, Cable carriers, Shaft collars, Bushings, Spaces, Shafts, Pins, Gear racks

### Labeling Products

Brady, Dymo, Brother, Panduit

### Pneumatics

Cylinders, Flow controllers, Check valves, Pressure/vacuum switches, Solenoids, Regulators

### Optics

Sensors, Touchpanels, Light curtains, LED's, Light bulbs, Motion detectors, Inspection devices

### Industrial Components

Seals, O-rings, Specialty screws, Grommets, Tubing, Retaining rings, Washers, Compression springs, Cable clamps, Magnets

### Miscellaneous Manufacturers:

Corporate Headquarters, Stamford CT

Superior Service for over 35 years

## A Brief History

Wise Components was founded in 1975 and quickly became a major supplier to local (OEM) and electrical contractors in Metro New York and Connecticut. In 1990 we acquired Ancar Electronics, another local supplier, specializing in the OEM market. The combined forces of the two companies fueled our growth to expand nationally, and into international markets.

As many manufacturers have expanded in the global markets, Wise Components has developed logistic systems to support OEM Clients in over 30 countries including Ireland, Germany, Poland, Costa Rica, Puerto Rico, Singapore, just to name a few.

Wise Components impresses our customers with exceptional service across a broad base of products. Our goal is to make our customer's job easier by (1) ease of access to US manufacturers; (2) consolidation of freight expense; (3) lowering overall plant expense thru reduction of account services, expedite costs and purchasing costs. We have the ability to purchase most US made products, whether it is considered part of our industry or any other. Wise's Quality Review System is **ISO 9001 Certified**, ensuring our business systems are functioning effectively and efficiently.

In 2007, Wise made another acquisition, merging with Avon Datacom LLC, a local distributor covering Data and Network products. This acquisition has cemented Wise as one of the largest, local suppliers in the Metro New York, New Jersey, and Connecticut marketplace. Our sales are supported by an e-Commerce website [www.datacommtools.com](http://www.datacommtools.com) which specializes in Tools and Test Equipment for Data Centers, Maintenance, and Facilities.

Today Wise has over 35 employees and services 2500 customers.
